CANCER

FAMOUS CANCERIANS

Meryl Streep, Tom Cruise, Kevin Bacon, Harrison Ford, James Brolin, Deborah Harry, Vin Diesel, Eva Green, Nancy Reagan and Princess Diana.

Cancer is the most personal of the water signs – the key words are “I feel”.

The ruling planet is the moon so they experience highs and lows. Their sensitivity and emotions can create insecurities.

Cancerians are family-orientated individuals, however, as they mature their career aspirations also become important.

They are nurturing and require a lot of domestic harmony.

They are romantic by nature and are in touch with their feelings and emotions.

However, Cancerians tend to cling to relationships that aren't working. In typical Crab style, they dig their claws in and don't let go, even if the relationship is passe.

RELATIONSHIPS

Security is a huge issue for the Crab and they are possessive and protective of home and family. This is a nurturing sign and, combined with its great charm and empathy, can be difficult to resist. They are devoted but have the capability to be jealous or suspicious in a relationship.

THE PERFECT MATCH

A partner who remembers birthdays and other special occasions appeals to the Crab's need for security. They can make their partner feel like the centre of the universe. The Cancerian finds it difficult to separate their minds from their bodies and dislikes to be touched if not emotionally committed.

FRIENDSHIP

The Cancerian is great on a one-to-one footing, but they also make for great fun at parties. They make loyal friends but a betrayal makes them utterly distraught. They can be over-emotional but also set inspiring examples and draw people to them. When hurt, they hurt deeply.

COMPATIBILITY

Cancer and Taurus make a great pair both mentally and physically. A match with Leo, Virgo, Scorpio and Libra can work but a better match is Pisces. Gemini and Cancers make a bad match

CAREER

The Crab is a diligent worker. Their emotional

side means they try to look for the human element in their work.

SPIRITUALITY

Cancerians have often been called moody. Their naive personalities means they often attract the wrong kind of people.

FASHION

Style and status dressing are not big issues for the Crab. They like comfort and may become emotionally attached to their clothes which they have a tendency to hoard.

MONEY

Cancerians like money and are quite intuitive about getting it. They like to budget for security, and view money as a show of their worth.

YEAR OF THE RABBIT

FOURTH in the cycle of the Chinese Zodiac, the rabbit is one of the most delicate animals among all 12 animals.

People born in the year of the rabbit have grace, culture and beautiful manners and make ideal diplomats or politicians.

Rabbit people get on well with everyone, but are reserved creatures at heart, and are only really happy when they are engrossed in some sort of scholarly or intellectual activity.

A person born in the year of rabbit often leads a conservative lifestyle, where one of the most important things is their security. This quality has a negative side. Opting for safety over risk, they may miss good opportunities. They can be great partners in relationships. Romantic and sweet, faithful too, rabbit people never lack for suitors.

THE RABBIT YEAR FOR CANCERIANS

The dual nature of Cancerians will determine their life in 2011. The position of Pluto at different periods in 2011 indicate that all events will revolve around the same problem. In any case, 2011 will see Cancerians irresistibly wanting to improve their image, becoming a leader, and being in the spotlight.
