# PISCES

## FAMOUS PISCANS

George Harrison, Ron Howard, Kurt Cobain, Holly Hunter, Ursula Andress, Spike Lee, Michael Caine, Albert Einstein, Johnny Cash, Ivana Trump and Queen Latifah.

Pisces, being a water sign, represents two fish swimming in different directions. Hence, many Pisceans either live the high road embracing their talents and worth, or take the negative approach escaping everyday existence through drugs and alcohol.

They are extremely sensitive and passionate, often sacrificing their own needs for others. Consequently, they tend to be the rescuers or saviours in relationships as they are drawn to people they feel they can help and even change.

Unfortunately this tends to backfire and often disappointment arises. They absorb negative energies from their environment, thus they need to retreat and rebuild through meditation.

Complex people, they do not always believe in their talents and abilities so they need plenty of encouragement.

**GENERAL ELEMENT** Water  
**PLANET** Neptune  
**SYMBOL** The Fish  
**BIRTHSTONE** Moonstone

### TRADITIONAL TRAITS

**GOOD:** Non-judgmental, forgiving, gentle, friendly, kind, compassionate, intuitive.  
**BAD:** Hedonistic, escapist, creating scenes, procrastinating, superstitious, insecure.  
**LIKES:** Gossiping, dreaming, being on form, mystery, status, the ridiculous, getting lost.  
**DISLIKES:** Being told what to do, duty, accounting for their time, being criticised, know-it-alls, pedantic people.

### PHYSICAL ATTRIBUTES

Take a look at a Renoir or Botticelli painting to discover what a typical Piscean looks like. The face is soft in both outline and expression. Prone to being overweight later in life, they have expressive, intriguing faces.

## RELATIONSHIPS

They can be extremely manipulative and will try to get out of a difficult moment by cuddling up to their partner. They believe in love but will begin their earlier years sowing their wild oats. They look for relationships where there is a union of mind and spirit. They are intensely loyal, loving and faithful.

## THE PERFECT MATCH

These gentle flirts need a strong partner to keep them in line. But they also require lots of attention from their partners. Pisceans' emotions run deep and can be quite erotic. They are selfless and intuitive and love to serve their partner. They need a partner who can protect them and make them feel safe. Their

ideal soulmate is more grounded than these "dream lovers" but still loves to have fun.

## FRIENDSHIP

Pisces can be one of the most caring friends around. Their intuition means they can pick up on how their friends feel and they make a great shoulder to cry on. Their openmindedness can mean being their friend is a great adventure and they always are prepared to listen. However, they are easily hurt and can become disillusioned. They frequently seek friends with more enthusiasm than good sense. They are apt to treat friendship too much like love or cast it in a spiritual light.

## COMPATIBILITY

Aries is a good match for Pisceans, as is

Taurus, but more suitable matches would be with Cancer and Scorpio. A relationship with Capricorn can be successful.

## SPIRITUALITY

While they can be naive, the Fish may also combine this with a certain brand of cynicism. They know how to live in the moment and absorb everything around them. Solitude can also be important to them.

## CAREER

Pisceans make success seem effortless, often attracting jealousy from their colleagues as a result. They may be unsuited to work in the traditional world because they don't like to account for their time. They are often underestimated and can appear unambitious.

## 2011 THE YEAR AHEAD

YOU might have to redo something that you already considered done and finished. People seem to expect a lot from you now.

Finding time for relaxation could be a little difficult. Most will be more in the mood to party. Love relationships should be going well and most will be improving existing relationships or going into something more permanent.

It is going to be a good year to clear the air and talk over family or emotional problems. Most will be on better terms with loved ones, especially in the second half of the year. There is going to be plenty more variety in your social life from May onwards.

A better-than-average lucky trend. New opportunities will be on offer. Financial matters improve from June onwards.

Health and confidence should be running high, family gatherings bring happiness and most will be in control of the arrangements. News from

With astrologist Sarah Kulkens

a distance this year could bring a reason to celebrate. Partners could be unexpectedly difficult and situations could get out of hand if not handled tactfully. Stay away from signs of trouble and make sure all contracts and agreements are in writing before signing. It is definitely a year to cut back on your spending as finances will be unstable for most of the year. Get your affairs in order and give your undivided attention to matters at hand.

►Lucky colour: fawn ►Lucky month: January

## YEAR OF THE RABBIT

FOURTH in the cycle of the Chinese Zodiac, the rabbit is one of the most delicate animals among all 12 animals.

People born in the year of the rabbit have grace, culture and beautiful manners and make ideal diplomats or politicians.

Rabbit people get on well with everyone, but are reserved creatures at heart, and are only really happy when they are engrossed in some sort of scholarly or intellectual activity.

A person born in the year of the rabbit often leads a conservative lifestyle, where one of the most important things is their security. This quality has a negative side also. Opting for safety over risk, they may miss good opportunities. They can be great partners in relationships. Romantic and sweet, faithful too, rabbit people never lack for suitors.

### THE RABBIT YEAR FOR PISCANS

Situations in 2011 are rather ambiguous and can put Pisceans in a favourable or unfavorable position. Only when Pisceans are fully aware of the true state of things and know how to overcome the situation will they make a good meaning of their existence in 2011.

I've only slept with men I've been married to. How many women can make that claim?

– Elizabeth Taylor
