Sagittarians are the optimists of the Zodiac, thus they always feel lucky. They are idealistic and are constantly searching for new pastures and goals. They are flexible and their quest in life is to understand the deeper philosophies of it.

Sagittarians are also attention-seekers and at times they can have foot-in-mouth disease as they are open and honest and expect the same from others. Freedom is the number one priority and they make good travellers.

They enjoy careers which allow plenty of scope for movement.

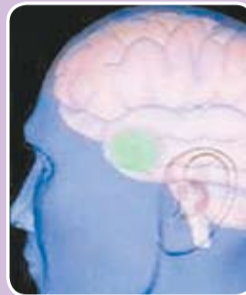

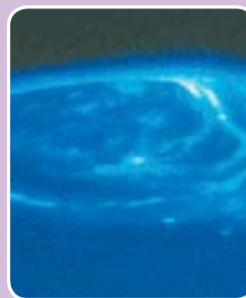

Sagittarians' need for freedom becomes greater with age and it is not uncommon for them to want to leave some safe haven in pursuit of other dreams.

## RELATIONSHIPS

Sagittarians are ardent, sincere and straightforward in love, normally conventional and in control of their sexual natures. They will be faithful spouses and indulgent parents, but they have an innate need to feel free which can lead to problems further on. When disappointed in love, they can often allow it to embitter their whole lives.

## THE PERFECT MATCH

Romantically, Sagittarians are usually easy to please. They are often happy, so long as the potential "significant other" can ski, dance and cash them in on any frequent flyer freebies.

SAGITTARIUS FACTS

## TRADITIONAL TRAITS

**GOOD:** Optimistic, freedom-loving, jovial, good-humoured, honest, straightforward, intellectual, philosophical.

**BAD:** Blindly optimistic, careless, irresponsible, superficial, tactless, restless.

**LIKES:** Travelling, getting to the heart of the matter, freedom, laws and meanings, the general 'feel' of things.

**DISLIKES:** Off-the-wall theories, being tied down domestically, being constrained, bothering with details.

## PHYSICAL ATTRIBUTES

Sagittarian women are often tall, auburn-haired and stunning. Men are generally darker, with a more solid build. Both sexes have medium-sized, clear, well-formed features, better than most other signs.

## FRIENDSHIP

They are well equipped by nature for friendship. They are sociable and enjoy the give and take of intellectual society.

## COMPATIBILITY

This sign is most compatible with Aries and Leo and least compatible with Pisceans (too introverted), Gemini (scattered, lacks depth) and Virgo (narrow-minded and fussy).

## SPIRITUALITY

Sagittarians often like to assure themselves they have absolutely no illusions about life, that they are "straight shooters" who see everything as it is.

They can become frustrated by people too slow to grasp the Saggo genius.

## FASHION

Saggo people are remarkably similar to Arians in their attitudes toward fashion. Both of them will instantly boycott anything they are told is a must-have. Give them some clean jeans, freshly washed hair and they're off.

## CAREER

Fit for a wide range of professions, they are natural teachers and philosophers. Law and politics also suit them.

## MONEY

Considered the luckiest sign of the Zodiac, Sagittarians love to spend.

## 2011 THE YEAR AHEAD

**FAVOURABLE** influences shine on personal and romantic relationships, any carefully planned venture you start during this year should have a successful outcome.

Someone from the past could re-enter your life. Most will be more sensitive to the wishes of loved ones and more inclined to listen to their ideas. You will have more confidence to push your ideas across at your work place.

A trip with an unusual outcome is indicated. Health and energy improvements are showing towards March-April.

Your love life could produce the unusual – this is not the best time to avoid others as your judgement may not be up to par.

Most should have an exciting time. It is a good year to get rid of the dead wood in your life. Your love life could bring a rather exciting overture. Land and/or property deals need extra care this year

and it's wiser to deal through experts.

Complicated matters could now be sorted out. A friendship could suddenly blossom into a romantic affair. It is a year where it is better to ignore all matters you cannot improve just now. Maintain a cool front and do not get emotionally involved with the problems of others. This could be a fun year, but money will vanish if you do not keep over-generous urges controlled.

## YEAR OF THE RABBIT

**FOURTH** in the cycle of the Chinese Zodiac, the rabbit is one of the most delicate animals among all 12 animals.

People born in the year of the rabbit have grace, culture and beautiful manners and make ideal diplomats or politicians.

Rabbit people get on well with everyone, but are reserved creatures at heart, and are happy when they are engrossed in scholarly activity.

A person born in the year of rabbit often tends to lead a conservative lifestyle, where security is vital. This quality has a negative side. Romantic and sweet, faithful too, rabbit people never lack suitors.

## THE RABBIT YEAR FOR SAGITTARIUS

For Sagittarians, the new white rabbit year of 2011 will be a year of success and prosperity, all their dreams and aspirations will come true. Nevertheless, we all know that "a rolling stone gathers no moss". Therefore, much depends on the actions of Sagittarians in 2011, and perhaps most importantly, is for Sagittarians to gain confidence, have resolution, abandon fear and doubt.

I look at myself as an audience member. I still love movies, and I still go and sit in the back of the big, dark room with everybody else.
