SCORPIO

FAMOUS SCORPIOS

Björk, John Cleese, Jamie Lee Curtis, Leonardo DiCaprio, Jodie Foster, Ryan Gosling, Grace Kelly, Ang Lee, Diego Maradona, Joaquin Pheonix, Ryan Reynolds, Tara Reid, Brittany Murphy.

Scorpio, being a water sign, is by nature intuitive and deep and possesses great sensitivity and emotionalism. Issues of trust present a great problem for many Scorpios so they are not always open and do not communicate well in relationships.

There is a tendency to be guarded, and jealousy can at times rear its ugly head. Sex is merely a vehicle for deeper passions of which they are very capable.

Their emotions run deep. Scorpios have an incredible ability to regenerate their lives after any form of adversity and this allows for truly strong individuals. They make excellent researchers and psychiatrists. In fact, they do well in any occupation where they can use their probing abilities.

SCORPIO FACTS

TRADITIONAL TRAITS

GOOD: Determined, forceful, emotional, intuitive, powerful, passionate, exciting, magnetic.
BAD: Jealous, resentful, compulsive, obsessive, secretive, obstinate.
LIKES: Truth, hidden causes, being involved, work that is meaningful, being persuasive.
DISLIKES: Being given only surface data, being taken advantage of, demeaning jobs, shallow relationships, flattery.

PHYSICAL ATTRIBUTES

The men are thickset and strong, moving with effortless power. The face is dark, serious and determined. Scorpios have a penetrating gaze. Women can be voluptuous, with an oval face and sensual mouth.

RELATIONSHIPS

Scorpios are passionate lovers, the most sensually energetic of all the signs. They yearn to lose themselves in a union and discover a bond that is greater than individuality and is a marriage of spirit as well as the flesh. Their feelings are so intense when in love they are frequently protagonists in tragic, even violent romances.

THE PERFECT MATCH

Scorpios never need self-help relationship books. They know exactly where men and women come from and how to send them back there in a screeching heap. The Scorpio is the stealth bomber of romance. Ideally, Scorpios need someone strong and grounded.

FRIENDSHIP

The Scorpio personality invites extremes of love or hate and people usually feel something strong for them, but Scorpios cannot maintain affection. They are intensely loyal for a time, but are quick to anger.

COMPATIBILITY

Scorpios are most compatible with Pisces and Cancer and least with Aquarius (detached and impersonal), Taurus (clash of wills) and Leo (overly dramatic and arrogant).

SPIRITUALITY

Scorpios are immensely aware of karma on a daily basis, even if they do call it "tit for tat" and thus can monitor their spiritual progress. If the

FASHION

As with everything about these eerie people, it is difficult to pinpoint the exact Scorpio look. Lots of Scorpios wear enormous shades that make them look like a huge blowfly. The classic Scorpio uses fashion more for camouflage, but they are usually unique and original in taste.

CAREER

Their intensity combined with their detachment makes them suited for the job of research scientist, surgeon or soldier. Any work where analysis and investigation are involved appeals, such as police and detective work, espionage and counter-espionage, law, physics and psychology.

YEAR OF THE RABBIT

FOURTH in the cycle of the Chinese Zodiac, the rabbit is one of the most delicate animals among all 12 animals.

People born in the year of the rabbit have grace, culture and beautiful manners and make ideal diplomats or politicians.

Rabbit people get on well with everyone, but are reserved creatures at heart, and are only really happy when they are engrossed in some sort of scholarly or intellectual activity.

A person born in the year of the rabbit often leads a conservative lifestyle, where one of the most important things is their security. This quality has a negative side also. Opting for safety over risk, they may miss good opportunities. They can be great partners in relationships. Romantic and sweet, faithful too, rabbit people never lack for suitors.

THE RABBIT YEAR FOR SCORPIOS

THIS year will be strange and unpredictable. Scorpios may be too idealistic in some issues in this year. Only the lucky ones with experience may find their own way out of negative situations, just as others cannot do without the assistance from
