These are the perfectionists of the zodiac. They are very analytical and are the most self-critical of all the signs.

Yet, while they have a tendency to be judgmental, this is more often than not directed at themselves. As servers of the zodiac they are extremely practical. They are industrious and reliable and have a gift for hanging in there. On the relationship front, they are loyal and giving, but sometimes feel disappointed when they don't experience the same affection in return. With work matters, Virgos have a tendency to give and give.

However, they get little back in return. As they have a strong interest in health, many Virgos pursue careers in this area. They can be obsessed with their bodies.

TRADITIONAL TRAITS

GOOD: Gentle, kind, organised, excellent under pressure, charming, amusing, sensual.
BAD: Worrier, irritable, cruelly critical, untidy, emotionally detached.
LIKES: Giving advice, cleanliness, time management, martyrdom, complaining.
DISLIKES: Hypocrisy, emotional scenes, bad health, admitting they are wrong, laziness, uncertainty.

PHYSICAL ATTRIBUTES

The Virgo man usually holds himself upright and is often tall. Virgo women are often extremely beautiful. Virgos have good bone structure, as well as neat figures and they take good care of their bodies.

RELATIONSHIPS

The Virgin is symbolic of fertility although they can seem tentative when it comes to relationships. In fact, they are extremely clever at using subtle forms of seduction and sensuality. They are genuinely affectionate in a relationship but will not commit to one if they expect it to fail.

THE PERFECT MATCH

The Virgo can wait years until they find the right person. Once they settle for that person their commitment is complete and they will do everything they can to ensure the relationship works. Although undemonstrative, they are devoted. However, they do expect their partner to understand them and where they are coming from.

FRIENDSHIP

Their friends are not usually emotional types as the Virgo goes for intellectual awareness. They make loyal and committed friends though the number of close friends is usually few.

COMPATIBILITY

The Taurean is a good match for Virgo, as is fellow Earth sign Capricorn. Other good matches are Scorpio, Libra and Aquarius.

FASHION

The stylish Virgo has great taste and always has something suitable to wear on any occasion. They often have a classic wardrobe, are fashionable and are never caught out in fads.

SPIRITUALITY

Able to see every angle of questions and situations, the Virgo is unhappy with abstract theorising. Because they appreciate different points of view, they find philosophical concepts difficult and they balk, with no confidence in any conclusions at which they arrive.

CAREER

This sign is great at looking busy, radiating an air of efficiency. They are good at gaining favour with the boss but are also brilliant workers.

MONEY

Virgos tend to focus on what they don't have rather than what they do, although they have no problem with the idea of having immense wealth.

YEAR OF THE RABBIT

FOURTH in the cycle of the Chinese Zodiac, the rabbit is one of the most delicate animals among all 12 animals.

People born in the year of the rabbit have grace, culture and beautiful manners and make ideal diplomats or politicians.

Rabbit people get on well with everyone, but are reserved creatures at heart, and are only really happy when they are engrossed in some sort of scholarly or intellectual activity.

A person born in the year of rabbit often leads a conservative lifestyle, where one of the most important things is their security. This quality has a negative side also. Opting for safety over risk, they may miss good opportunities. They can be great partners in relationships. Romantic and sweet, faithful too, rabbit people never lack for suitors.

THE RABBIT YEAR FOR VIRGOS

In the year of white metal rabbit, Virgo individuals will be able to get a sense of ease and confidence in the future. They will learn to appreciate their time and have a more serious regard to their achievements and plans. As a result they will experience increased concentration and responsibility.

I'm not going to be somebody who wants to hold on to my fame for the rest of my life.
